RECOMMENDATION AND DETERMINATION TO SOLICIT BRAND NAME

PR: 4200559312

I recommend that NASA, Kennedy Space Center negotiate only with vendors who can provide the subject brand name as noted: **Panasonic and Dotworkz**

The total estimated cost of this effort is \$ and the estimated period of performance or lead-time for delivery is **30 days ARO**.

Pursuant to FAR 6.302-1(a)(2)(c), the acquisition of the referenced brand name item is hereby justified:

1. The subject PR is intended to procure Panasonic and Dotworkz equipment. The Panasonic cameras are capable of supporting H.264 video compression and a controller that can operate pan/tilt/zoom functionality. The Dotworkz equipment is compatible and outfitted to support Panasonic cameras. These Panasonic cameras and Dotworkz equipment are incorporated into systems at both Cape Canaveral Air Force Station (CCAFS) and Vandenberg Air Force Base (VAFB). The equipment being purchased must be compatible with existing Panasonic cameras and controllers. The Dotworkz equipment must be able to fit and support Panasonic camera equipment. Failure to utilize the Panasonic and Dotworkz equipment would result in the need to procure approximately \$ in additional controllers, cameras and housing equipment to provide the same functionality. Additionally, purchasing the equipment from another manufacturer would result in an additional costs for sparing, testing and training estimated at over \$100,000. The introduction of another vendor solution would also impose delays on the deployment of this equipment which would impact LSP's ability to support its current launch support manifest on both coasts. Extensive testing has already been performed to validate LSP's video processing.

2. Pursuant to FAR 5.201, NFS 1805.207, and 1804.570, any contract action over \$25,000 (not bought via GSA or SEWP) shall be synopsisized in the Government-wide Point of Entry (GPE) and published on the NASA Acquisition Internet Service (NAIS) by the Contracting Officer for a period of 15 days.
